A FIGHT TO THE FINISH

Will Be the Political Battle In Old Columbiana.

PROVIDED MR. POTTS HAS NERVE

Enough to Face the Republican Leaders. No Speakers Until After the Middle of September, But the Guns Will Flash From Then Until November.

If the Popocratic leader of the free silver men, the tall chestnut of the Middle Fork, possesses the nerve required to conduct a vigorous campaign in the interest of the mine owners, he can have all the fun he desires in this county before the sun goes down on the first Tuesday of next November.

The slogan has been sounded, the edict has gone forth, and the Republican leaders are already waging active warfare against the local forces of Democracy. As yet it is only a skirmish, but when the cavalry and heavy artillery are once engaged the charge will begin all along the line, and with a shout which will be heard loudest when the votes are counted on election day the Republican army of sound money and good government will sweep to the front. The bugles will sound and the serried legions that have so often marched triumphantly to victory will move forward on the run. There may be some resistance, but if it does not assume more formidable strength than the few promises of the leader of the works of the enemy will be carried by storm, and the black flag of repudiation will be replaced by the glittering folds of Old Glory. The tall chestnut will be cut down, and Columbiana will have been saved disgrace.

That is how the Republican leaders feel. They have determined to make a vigorous campaign, but the battle will not be on until after Sept. 15. The county executive committee will meet in this city on Sept. 8, and the final arrangements will then be made. It is probable that the fight will start with a big all day meeting in Columbiana, when men of national reputation will address thousands. The state chairman has notified the committee that it will be impossible to send speakers here before the middle of September. The committee have already started their work, and a large amount of literature is being sent to the townships where it is most needed. Headquarters will be opened in the Odd Fellows' block, and no effort will be spared to have Columbiana roll up a larger majority than ever.

A BICYCLE PARADE.

To Be a Leading Feature of the Street Fair.

The soliciting committees for the street fair began their labors this morning, and are meeting with very great success. One of the features proposed is an illuminated bicycle parade on the evening of the fair, with prizes offered for the best costumed rider, best rider and most grotesque costume. The matter will be submitted to the chairman of the bicycle committee at an early date. There should not be any trouble to form a parade of this kind, as the city is provided with an unusually large number of cyclists who would be willing to participate.

IN A SHADOW.

The Moon Will Hide a Portion of Its Face.

There will be a partial eclipse of the moon on Saturday night. The shadow will appear at 10:15, and will remain until almost 3 o'clock on Sunday morning. Thomas Bott, the astronomer who lives in the West End, has improved his telescope, and will view the Eclipse with a party of friends. If the sky is clear, and other conditions are what he desires, the gentleman anticipates an unusually pleasant evening.

FIVE TONS DROPPED.

Several Workmen Had Narrow Escapes In a Foundry.

While metal weighing five tons was being raised at the Boyce foundry, the gearing of the crane used in the work snapped in twain, and pieces of iron flew in all directions. Many of the employees who were operating the crane narrowly escaped being struck by the flying missiles. Fortunately no one was injured.

A Club Reception.

The Columbian club will tomorrow entertain the party from East Palestine who are in camp at Echo Dell. The young people will come to town on a hay wagon.

The dance of the Phoenix club at Columbian park last evening was a delightful affair for almost 40 young people.

LARGE AND FASHIONABLE

Was the Audience Which Saw the Newsies Play Ball.

The newsies of the daily papers played ball on the hill yesterday afternoon, and there was a fashionable and deeply interested audience in attendance. Each side had its partisans, and the rooting was original and brilliant until the ninth inning when the score stood 19-17 against the News Review. With two earnest newsies out, a giant and a safe hitter came to the bat. He was about to line the ball over center field fence, and lose it forever in the forest of ragweed and mullen, when the umpire called him out. The crowd yelled itself hoarse in derision, and the umpire reconsidered; but the down town carriers refused to finish the game, and now when two or three of this noble branch of the newspaper profession are gathered together it is for the sole purpose of taking a solemn vow they will never play their enemies again.

INDIVIDUAL BUTTERS.

Why Not Coin Them So Potters Can Have \$25 a Day.

EDITOR NEWS REVIEW.—I have been reading about this free coinage of silver, and from what I can learn the big men of the Democrat party have made no offer to the potters. Why can't we hold a convention, nominate Poke Green and Tommy Merren, and adopt a platform providing for the free and unlimited coinage of individual butters at a ratio that will allow the average potter to make \$25 every day in the butters? If the government stamp was on the butters they would pass just as well as the cheap dollars the street car statesman wants the Bryan club to vote for. I am for the free coinage of butters. Who will stand with me?

A POTTER.

A FLASH LIGHT

Made a Sore Spot on D. A. Cone's Arm.

D. A. Cone, a photographer who has been engaged for several days in taking views in the potteries, was severely burned this morning. He was about to photograph a section of Cartwright's kiln when a lighted wick came in contact with the magnesium. The photographer was bending over the magnesium at that moment, and when the flash came his arm was very close to it. His hand is severely burned, and the arm did not escape without considerable damage.

THE ATKINSON CLUB.

It Will Be Organized In Grant District Next Week.

The Grant district Republican club will organize Saturday evening, and will be known as the Atkinson club, in honor of the Republican candidate for governor of the state. It will start under the most favorable circumstances, and almost 100 names have already been placed on the list. A meeting will be held next week, which will be addressed by F. E. Grosshans and other speakers. The farmers are enthusiastic for McKinley.

CURIOUS COINCIDENCE.

William Reed's Friend Also Died Very Suddenly.

William Reed, the man who was found dead in Wellsville Tuesday night, was known by a number of people living here. A peculiar feature in connection with his death was that a former companion died under circumstances somewhat similar several years ago. Reed was mixed up in a cutting affray once, and received injuries that ever afterward caused him trouble. This, it is thought, may have helped to bring on death.

A RATTLESNAKE

Was Coiled About the Neck of Mayor Gilbert.

Mayor Gilbert appeared at city hall this morning wearing a necktie, the style of which is indeed a rarity around this part of the country. It is made of the skin taken from a rattlesnake, and was presented to his honor by a friend who lives in Texas. The rattles of the reptile are fastened on the tie, and serve as a stick pin.

Wants to Play Ball.

The Stars base ball team would like to play any club in the city or Wellsville, the East Liverpool and Association teams preferred. The following is a list of the players: Davis and Webb, catchers; Webb, Lynch and Barker, pitchers; McNicol, short; Frey, first; McCullough, second; Clarke, third; Davis, left; Appel, middle; Bricelin, right; Heckathorne and Firth, substitutes.

Clerks Got Their Charter.

John Powell, organizer of the American Federation of Labor, received the charter for the grocery clerks' union. The union will be known as Federal Labor union, No. 6,786.

NO OBJECTIONS HEARD

The City Seems to Favor a Bond Issue.

THE MONEY MUST BE OBTAINED

For the Improvement of Streets and Culverts Damaged by the Storm.—The Election Will Be Held on Saturday, and Is For \$8,000.

The city will next Saturday vote to allow council the power of issuing \$8,000 in bonds, and if the indications are all right the result will be unanimous.

The expenditure is made necessary by the disastrous storms of a few weeks ago, and the small amount of money in the treasury. The storms washed some streets so that improvement is absolutely necessary, and created such damage that it will require more money than council has at its disposal to repair the culverts and bridges. The amount asked is considered a conservative estimate of what is necessary, and every dollar will be judiciously expended. The damaged spots are dangerous at present and will continue so until they are repaired. The money to be realized from bonds may save the city numerous thousands by preventing damage suits. Interviews with property owners in all parts of the city show that the bond issue is clearly understood, and the proposition will carry by a big vote. One man went so far as to express the belief that it would be unanimous. The election will be conducted at the usual time and place.

DEPUTY GAME WARDENS.

They Will Be Appointed In This County and the Statutes Enforced.

Game Warden Adam this morning received a letter from State Warden L. H. Benting, requesting him to do all in his power to have violators of the law brought to justice, and to appoint a deputy in every township in the county. He stated the law would be more stringently enforced this year than ever before, and gave orders to prosecute to the full extent of the law all violators, giving as his reason that game in counties where the law had been rigidly enforced was rapidly increasing. He also showed the necessity of having legitimate sportsmen assist the warden as much as possible. Mr. Adam will appoint the deputies within the next week, and furnish each with a copy of the law.

TOO COSTLY.

The Soldier Boys Will Not Have Another Outing.

When it was reported a few weeks ago that Company E and the remainder of the national guard would be ordered to Cleveland for the purpose of marching in the big parade to commemorate Perry's victory, Sept. 10, the soldier boys fondly expected another visit to the Forest city. They will likely be disappointed. Governor Bushnell will call the emergency board together for the purpose of finding where the \$36,000, needed to defray the expenses, can be secured. If the money can be obtained the guard will have another outing, and a good time. It is probable the money cannot be obtained.

ONLY A LITTLE WATER

Was Required to Put Out a Fire on Sixth Street.

A small fire occurred at the residence of W. L. Smith this morning, caused by a gas stove becoming overheated. The stove was situated on a small porch, and in some manner the lattice work caught. An alarm was sent in from the corner of Jefferson and Fifth streets, but the fire was extinguished with a garden hose before the department arrived. The damage is slight. This is the first call the department have had since early in July.

HOT WATER

Scalded the Hands and Arms of Miss Jennie Strothers.

Miss Jennie Strothers, who lives with a family on Sixth street, was severely burned at a late hour yesterday afternoon. She was carrying a sauce pan filled with boiling water when the fluid was by a slight accident spilled. The scalding water flew in every direction, and enough of it fell on Miss Strothers' hands and arms to cause her great pain. The results will not be serious.

FRACTURED ITS THIGH.

A Painful Accident Happened to a Little Child.

The three-year-old child of George W. Denmore, Franklin avenue, met with a painful injury this morning. The child was playing on a tick which had been placed on the floor and jumped off, fracturing its thigh. Physicians were summoned, and the fracture reduced.

NO FREE BICYCLES.

The Pennsylvania Company Will Fight the State Law.

It is probable that the Pennsylvania company and other railroads will fight the laws of the states compelling them to carry bicycles without compensation. At a recent meeting of the Central Traffic association the question was discussed in all its phases, and was only settled by being placed in the hands of the general counsels of the interested roads. Their combined opinion was that the law could be knocked higher than the highest kite on record, on the ground that no state has any right to compel a common carrier to transport freight of any kind without compensation. Uniform rates per mile will likely be charged, and the first man who objects will have an opportunity to test the law. At present the Cleveland and Pittsburgh carries bicycles as checked baggage.

HORNETS ARE HARMFUL.

Hookstown Fair Visitors Discovered It Last Evening.

Tobey Burke enjoys a joke. Yesterday evening he was returning from the Hookstown fair with a number of friends. An enterprising colony of hornets had built their home near the Hookstown fair, and when the car was approaching the Diamond at a high rate of speed the other boys got off in safety. Malkin attempted the feat, but turned a somersault, and alighted on his head. Persons who saw the accident imagined he was killed, but when he was carried to a drug store nearby he was found to be alive. Restoratives soon brought him back to life, and he was taken home with no other marks than a big bump on his head. Small boys make life miserable for motormen, and it is feared some one will be killed if the police do not put an end to the practice.

TAKEN WEST.

Superintendent Southworth Found Home For Fourteen Children.

Superintendent Southworth, of the Fairmount home, is now on his way to the west with 14 of the brightest and best little ones of his big family. Recently he found suitable homes for them in Illinois, Missouri and Nebraska, and a number go to Iowa. When they were about to leave the Alliance station the youngsters, although delighted with the prospects of the journey, could not restrain their tears. It was almost a punishment to part from Mrs. Southworth, and they sobbed bitterly. The superintendent will return as soon as he has settled the little ones in their new home.

WON IN A CANTER.

A Popular Englishman Recognized by His Friends.

The grand lodge of the Sons of St. George have been in session in Toledo for several days, and according to custom, made possible by the brainy members of this place, East Liverpool has been playing a leading part. When the officers were handed around Chris Horton the well known singer, was elected grand messenger, an important position. The members of the Toledo lodge have entertained the visitors in a splendid manner, and they will wind up their business today. The reports show there are 450 lodges of the order in America, with a membership of almost 40,000.

GO EASY.

That Fusion Scheme May Not Work So Well.

Democrats who hope to carry the county by fusion with the Pops will hear with regret that Hugh Proyer, state secretary of the Populist aggregation, has sent out an address warning leaders not to permit fusion in county and congressional tickets without the consent of the state organization. He calls upon Pops everywhere to depose chairmen who refuse to call local conventions on the ground that the party should unite with the Democrats and support their ticket.

ENJOYING HOOKSTOWN.

Many Persons From This City Go to the Fair.

The Hookstown fair attracted many visitors from this city today, the delightful weather having much to do with the attendance.

East Liverpool made an excellent showing yesterday. Ed Davidson's saddle horse got first place, and the driving horse which he showed, the property of John Anderson, was second in its class. The team made up of horses owned by Mr. Davidson and Mr. Anderson carried off first honors.

To Be Buried Tomorrow.

A child of Mr. and Mrs. Francis Robinson, of Lincoln avenue, died last evening, aged two weeks, after an attack of lung fever. The funeral will take place tomorrow. Interment will be in Spring Grove cemetery.

TURNED A SOMERSAULT

Little Fred Malkin Fell From a Street Car.

HE WAS STEALING A RIDE

His Companion Escaped Unhurt—Rendered Unconscious by the Fall—The Narrow Escape of a Child on Second Street—Motormen Can't Be Blamed.

Fred Malkin, a small boy who resides with his parents in Church alley, fell from a car on Sixth street, and for a time it was thought he had sustained serious injuries.

In company with another boy Malkin had spent the afternoon in riding on street cars. Following the practice of many youngsters they would board a car, and ride until the motorman found some means of compelling them to alight. They had enjoyed the time very well until Motorman McDaniel's car came along. The boys rode a square or two on Sixth street, and when the car was approaching the Diamond at a high rate of speed the other boy got off in safety. Malkin attempted the feat, but turned a somersault, and alighted on his head. Persons who saw the accident imagined he was killed, but when he was carried to a drug store nearby he was found to be alive. Restoratives soon brought him back to life, and he was taken home with no other marks than a big bump on his head. Small boys make life miserable for motormen, and it is feared some one will be killed if the police do not put an end to the practice.

The little child of B. Meister was almost run down by a car on Second street yesterday afternoon. The little one was playing in the street, and not noticing its danger stepped in front of a car approaching at a respectable speed. The motorman saw that an accident was about to happen, and quickly turned off the power. The brakes were applied none too soon, and the car was stopped so close to the child it was thought by many to have been hit. Constable Thorn, of Wellsville, was on the car, and taking the wondering little one in his arms carried it home.

DIED IN THE POOR HOUSE.

Patrick McMunney Had Been There a Long Time.

LISBON, Aug. 20.—[Special.]—Patrick McMunney, an aged inmate of the county infirmary who has been a charge of the county for many years, died this morning. He was from Leontia.

There are at present 115 persons in the infirmary, and the superintendent expects many more as soon as winter appears, because of the new law. He cannot understand how he is to care for them without an additional building.

Columbiana county now has six patients in the Columbus asylum, 25 in Newburg, 10 in Dayton, and 11 in Toledo. Judge Young is taking evidence in four other cases. The county has four more than its quota in Columbus.

The will of George M. Webber, East Liverpool, was probated today.

The following marriage licenses were issued: R. M. Burbick and Lulu R. Valentine, Fred Spegur and Nannie D. Roach, Robert Kerr and Ella M. Attoffer.

HARD TIMES

Compelled a Big Sewer Pipe Plant to Shut Its Doors.

LISBON, Aug. 20.—[Special.]—The big plant of the United States Sewer Pipe company was shut down here today, and over 100 men are deprived of employment. The cause is laid at the door of hard times, and it is almost impossible to secure orders. Officials of the company do not know when work will be resumed, as the trade is anything but encouraging.

CUTTING DOWN EXPENSES.

Cleveland and Pittsburgh Employees Being Discharged.

A few weeks ago the powers in control of the Pennsylvania system decided to curtail expenses, and the men who can least afford it were selected. The cut was made in every section of the road, and among the employees of the gravel trains. It is said that fully 100 employees have been discharged between Wellsville and Bellaire, and a large number in Pittsburgh and Cleveland have been told to seek work elsewhere. Freight depot employees have been touched by the cut, but there has been no change at this station.

Won a Case.

Robert Lyton was given judgment for \$13.32, in court of Squire Manley this morning against William Ibers.

Street.

A small fire occurred at the residence of W. L. Smith this morning, caused by a gas stove becoming overheated. The stove was situated on a small porch, and in some manner the lattice work caught. An alarm was sent in from the corner of Jefferson and Fifth streets, but the fire was extinguished with a garden hose before the department arrived. The damage is slight. This is the first call the department have had since early in July.

HOT WATER

Scalded the Hands and Arms of Miss
Jennie Strothers.

Miss Jennie Strothers, who lives with a family on Sixth street, was severely burned at a late hour yesterday afternoon. She was carrying a sauce pan filled with boiling water when the fluid was by a slight accident spilled. The scalding water flew in every direction, and enough of it fell on Miss Strothers' hands and arms to cause her great pain. The results will not be serious.

FRACTURED ITS THIGH.

A Painful Accident Happened to a Little
Child.

The three-year-old child of George W. Densmore, Franklin avenue, met with a painful injury this morning. The child was playing on a tick which had been placed on the floor and jumped off, fracturing its thigh. Physicians were summoned, and the fracture reduced.

NO FREE BICYCLES.

The Pennsylvania Company Will Fight
the State Law.

It is probable that the Pennsylvania company and other railroads will fight the laws of the states compelling them to carry bicycles without compensation. At a recent meeting of the Central Traffic association the question was discussed in all its phases, and was only settled by being placed in the hands of the general councils of the interested roads. Their combined opinion was that the law could be knocked higher than the highest kite on record, on the ground that no state has any right to compel a common carrier to transport freight of any kind without compensation. Uniform rates per mile will likely be charged, and the first man who objects will have an opportunity to test the law. At present the Cleveland and Pittsburgh carries bicycles as checked baggage.

HORNETS ARE HARMFUL.

Hookstown Fair Visitors Discovered It Last
Evening.

Tobby Burke enjoys a joke. Yesterday evening he was returning from the Hookstown fair with a number of friends. An enterprising colony of hornets had built their home near the road, and Tobby thought it would be good fun to stir them up a little, and he threw a stone at the nest. Within 14 seconds there was a three ringed circus with two stages and a lot of Roman chariot races, while half a dozen free silver orators seemed to be denouncing the sharks of Wall street at once. When the canvas was taken down, and the orators ceased to talk, Dan Swaney was nursing a big lump on his eye brow, and others of the party knew something had happened.

TAKEN WEST.

Superintendent Southworth Found Home-
For Fourteen Children.

Superintendent Southworth, of the Fairmount home, is now on his way to the west with 14 of the brightest and best little ones of his big family. Recently he found suitable homes for them in Illinois, Missouri and Nebraska, and a number go to Iowa. When they were about to leave the Alliance station the youngsters, although delighted with the prospects of the journey, could not restrain their tears. It was almost a punishment to part from Mrs. Southworth, and they sobbed bitterly. The superintendent will return as soon as he has settled the little ones in their new home.

WON IN A CANTER.

A Popular Englishman Recognized by His
Friends.

The grand lodge of the Sons of St. George have been in session in Toledo for several days, and according to custom, made possible by the brainy members of this place, East Liverpool has been playing a leading part. When the offices were handed around Chris Horton the well known singer, was elected grand messenger, an important position. The members of the Toledo lodge have entertained the visitors in a splendid manner, and they will wind up their business today. The reports show there are 450 lodges of the order in America, with a membership of almost 40,000.

GO EASY.

That Fusion Scheme May Not Work So
Well.

Democrats who hope to carry the county by fusion with the Pops will hear with regret that Hugh Freyer, state secretary of the Populist aggregation, has sent out an address warning leaders not to permit fusion in county and congressional tickets without the consent of the state organization. He calls upon Pops everywhere to depose chairmen who refuse to call local conventions on the ground that the party should unite with the Democrats and support their ticket.

ENJOYING HOOKSTOWN.

Many Persons From This City Go to the
Fair.

The Hookstown fair attracted many visitors from this city today, the delightful weather having much to do with the attendance. East Liverpool made an excellent showing yesterday. Ed Davidson's saddle horse got first place, and the driving horse which he showed, the property of John Anderson, was second in its class. The team made up of horses owned by Mr. Davidson and Mr. Anderson carried off first honors.

To Be Buried Tomorrow.

A child of Mr. and Mrs. Francis Robinson, of Lincoln avenue, died last evening, aged two weeks, after an attack of lung fever. The funeral will take place tomorrow. Interment will be in Spring Grove cemetery.

TURNED A SOMERSAULT

Little Fred Malkin Fell From a
Street Car.

HE WAS STEALING A RIDE

His Companion Escaped Unhurt—Rendered
Unconscious by the Fall—The Narrow
Escape of a Child on Second Street—Motor-
men Can't Be Blamed.

Fred Malkin, a small boy who resides with his parents in Church alley, fell from a car on Sixth street, and for a time it was thought he had sustained serious injuries.

In company with another boy Malkin had spent the afternoon in riding on street cars. Following the practice of many youngsters they would board a car, and ride until the motorman found some means of compelling them to alight. They had enjoyed the time very well until Motorman McDaniel's car came along. The boys rode a square or two on Sixth street, and when the car was approaching the Diamond at a high rate of speed the other boy got off in safety. Malkin attempted the feat, but turned a somersault, and alighted on his head. Persons who saw the accident imagined he was killed, but when he was carried to a drug store nearby he was found to be alive. Restoratives soon brought him back to life, and he was taken home with no other marks than a big bump on his head. Small boys make life miserable for motormen, and it is feared some one will be killed if the police do not put an end to the practice.

The little child of B. Melster was almost run down by a car on Second street yesterday afternoon. The little one was playing in the street, and not noticing its danger stepped in front of a car approaching at a respectable speed. The motorman saw that an accident was about to happen, and quickly turned off the power. The brakes were applied none too soon, and the car was stopped so close to the child it was thought by many to have been hit. Constable Thorn, of Wellsville, was in the car, and taking the wondering little one in his arms carried it home.

DIED IN THE POOR HOUSE.

Patrick McManney Had Been There a
Long Time.

LISBON, Aug. 20.—[Special].—Patrick McManney, an aged inmate of the county infirmary who has been a charge of the county for many years, died this morning. He was from Leetonia.

There are at present 115 persons in the infirmary, and the superintendent expects many more as soon as winter appears, because of the new law. He cannot understand how he is to care for them without an additional building.

Columbiana county now has six patients in the Columbus asylum, 25 in Newburg, 10 in Dayton, and 11 in Toledo. Judge Young is taking evidence in four other cases. The county has four more than its quota in Columbus.

The will of George M. Webber, East Liverpool, was probated today.

The following marriage licenses were issued: R. M. Burbick and Lulu R. Valentine, Fred Spegur and Nannie D. Roach, Robert Kerr and Ella M. Attoffer.

HARD TIMES

Compelled a Big Sewer Pipe Plant to Shut
Its Doors.

LISBON, Aug. 20.—[Special].—The big plant of the United States Sewer Pipe company was shut down here today, and over 100 men are deprived of employment. The cause is laid at the door of hard times, and it is almost impossible to secure orders. Officials of the company do not know when work will be resumed, as the trade is anything but encouraging.

CUTTING DOWN EXPENSES.

Cleveland and Pittsburg Employees Being
Discharged.

A few weeks ago the powers in control of the Pennsylvania system decided to curtail expenses, and the men who can least afford it were selected. The cut was made in every section of the road, and among the employees of the gravel trains. It is said that fully 100 employees have been discharged between Wellsville and Bellaire, and a large number in Pittsburg and Cleveland have been told to seek work elsewhere. Freight depot employees have been touched by the cut, but there has been no change at this station.

"Free silver, free trade, free soup and victory" would make a good campaign cry for the local Bryan club.

EAST LIVERPOOL would fare much better if the country adopted the McKinley idea of having the mills instead of the mints wide open.

DEBBS wants Sewall to withdraw in favor of Watson. This is not remarkable. Debbs always did prefer demagogues to law abiding citizens.

BURKE COCHRAN was a good Republican when he declared that the "very essence of civilization is mutual interest, mutual forbearance, mutual co-operation."

LABOR alone creates wealth. What good would a million dollars, scattered knee deep in the Diamond, do the East Liverpool potter if he had no opportunity to earn them honestly?

NO FREE SILVER FOR THEM.

The people who own building and loan stock will not vote for Mr. Bryan and free silver, because a Democratic victory this year would cost an immense amount of money. The associations of Ohio have 279,956 members, and the last report shows 215,556 of this great army to be workmen and women. The amount involved is \$92,121,650, and the greater part of it was paid into the association a dollar at a time by industrious wage workers anxious to own a home and in other ways provide for the time when daily toil will be an impossibility. When the money was taken by the association secretaries every dollar of it was as good as any money on earth, and will continue in that value as long as the financial system of the country is upon the basis now in use. But let the silver men have their ideas enforced, and there will be a change. It will not be the change for which the working population are hoping, but will place financial affairs in even worse condition than they are at present. Should the free coinage of silver become a reality instead of a vague possibility the stockholders of every building association in Ohio would be paid in 53 cent dollars, and the cheap money of our daddies, and every man who had saved some part of his wages would be deprived of almost half of the accumulated amount. No, the building and loan members will not vote for Bryan when they once understand the situation.

SIXTEEN TO ONE.

A Lucid Explanation of This Common Phrase.

THE FIRST CAMPAIGN DOCUMENT.

Fallacies of Free Silver Arguments Exposed—Should the Hopes of the Silverites Prevail All Gold Would Leave the Country and the Currency Would Be Greatly Depreciated—A Disastrous Panic Would Ensnare.

"Leaflet No. 1," entitled "Sixteen to One: What It Means," has been issued by the Republican national committee. It has the following extract from the Democratic platform adopted at Chicago at the head of the first page: "Chicago platform of 1896: The free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1. The standard silver dollar shall be a full legal tender equally with gold for all debts, public and private."

Then following this comes the explanation: "Sixteen to one—what it means. A silver dollar weighs sixteen times as much as a gold dollar. This is what is meant by the coinage of silver at the ratio of 16 to 1."

"Free coinage of silver: When brought to the mint silver shall be coined into dollars at the expense of the United States government without cost to the owner. By the unlimited coinage of silver is meant that all the silver, American or foreign, brought to any of our mints, shall be so coined at the owner's demand. This is what is meant by the free and unlimited coinage of silver."

"When the ratio of 16 to 1 was established by the government, sixteen ounces of silver bullion was worth in the market just as much as one ounce of gold bullion. A silver dollar and a gold dollar were then worth precisely the same, before they were coined, when they were coined, or after they were melted; the face value of a silver dollar was its actual value. But of late years pure silver has declined in value, so that now the commercial ratio, instead of being 16 to 1, is about 31 to 1. That is to say, an ounce of gold bullion is exchangeable for thirty-one ounces of silver bullion, instead of being exchangeable for only sixteen ounces of silver bullion, as it formerly was. Silver bullion is thus worth in gold only about half as much as it was when the coinage ratio was made 16 to 1."

"A silver dollar with the stamp of the government upon it passes for more than its worth, just as a paper dollar passes for more than the paper upon which it is printed is worth. The credit of the government is behind the paper dollar, and the credit of the government is behind the silver dollar. But the credit of the government is not behind the uncoined silver, in the form of bullion, therefore the bullion is exchangeable for other commodities only to the amount of its actual or intrinsic value."

"Free and unlimited coinage of silver at the ratio of 16 to 1 means, therefore, that the government of the United States, instead of pledging its credit for the limited amount of silver, now worth only 31 to 1, at a parity with gold, would have to do so for an unlimited amount at a ratio of 16 to 1. By this the United States would undertake to double the value of every ounce of silver, coined or uncoined, in the world, and extend an invitation to all the nations to send their surplus silver here to be coined into silver dollars at the ratio of 16 to 1. "These silver dollars, if coined in an unlimited quantity, would not be worth as much as gold dollars, because it is the credit of the government which makes those we now have equal in purchasing power to a gold dollar, and the credit of the government is not without limit. "Unlimited" coinage of silver would exhaust its credit by exhausting its power to redeem its pledges to maintain silver at a parity with gold at a ratio of 16 to 1. The consequence would be that the silver dollar would soon decline in purchasing power to the commercial value of the bullion it contains, and would be worth little, if any more, than half a dollar in gold."

"As all private and public debts not explicitly payable in gold would then be payable in these half-rate dollars, our gold would disappear from circulation and would quickly be drawn out of the country in paying our obligations and purchases from gold-using countries where our silver coins would not be accepted. As a consequence we should in a few months lose all of our \$12,000,000 of gold, leaving us with a much contracted and greatly depreciated currency."

"A disastrous panic would ensue, followed by the suspension of thousands of factories and business houses, a general business collapse, and the loss of employment by hundreds of thousands of wage-earners and laborers."

FOR WORKINGMEN.

One Who Knows Tells of Wages in Free Silver Countries.

Hon. S. L. Gracey, formerly United States consul at Foochow, China, writes as follows:

"When I went to China in 1890 the Mexican silver dollar was the common currency in use by the natives in their dealings with foreigners, and were worth 93 cents in gold. After the change of the value of the rupee in India, which degraded silver in the east, the value of the Mexican dollar rapidly declined, and in less than a year the Mexican dollar was only 53 cents, and in '98 it fell to 53 cents, and since then has maintained an average of about 51 cents or 53 cents."

"The price of all foreign goods was immediately affected and was very soon doubled. All native products were also advanced, but not to the same extent. Native labor continued at the old price. We paid our help just the same number of dollars per month in '94 with the same silver dollars we bought for 53 cents of gold that we did in '90, when we paid 93 cents for them."

"The natives will not work for foreigners as cheaply as they do for contractors of their own country, and we had to pay the high wages (1) of 2 Mexican per month, or about 14 cents per day, which on a gold basis was about 8 cents, and they found themselves in everything. Native contractors could obtain the same class of labor-

ers for from \$1.50 to \$2 Mexican per month, and for the best skilled labor, mechanics, citizens, etc., not more than \$3, which, at the present value of the Mexican dollar in gold in that country, is about \$1.10 to \$1.60 per month, or from 4 to 6 cents per day in gold."

"My son spent last winter in southern Mexico, and he tells me that laborers on the coffee plantations there are usually paid about 20 cents a day in Mexican silver. This would be much better than the wages of Asiatic laborers in their countries, for in China there is no Sunday, and men work from new moon to new moon, and from 10 to 12 hours a day and call it a month."

"I recently met a gentleman in Boston, who was here to secure four or five American citizens as superintendents for departments in a watch factory he has established at Osaka in Japan, and he asserted that he could obtain the best classes of native skilled laborers for work in his factory at 20 cents per day Mexican, labor which in this country commands \$2.50 to \$3 per day, gold."

"What can American workmen be thinking about when they endorse a proposition to pay them in silver dollars worth only 53 cents, when all the India, Japan, Mexico, etc., which are on a silver basis is maintaining a 100 cent dollar as the medium of payment to all wage earners?"

"Do they desire to cut the purchasing power one-half? This would inevitably be the result if we in the United States should adopt the silver fallacy promulgated at Chicago."

"The question now before the American people, clearly presented by the two parties at St. Louis and Chicago, is not one of bimetalism, but simply a choice between gold as a standard of value and silver as a standard. The markets of the world fix the values of these metals, and we alone can not demand with any degree of reason that in those markets the silver produced in this country shall command 100 cents for 16 ounces, when all the rest of the nations will sell in the same market all the silver the purchasers will take at 33 ounces for a gold dollar. Let us have bimetalism at a fair and just parity of value, and we are all one as to the white and yellow metals as a lawful currency."

THE SCALING DOWN.

People Who Will Have Something to Say About It.

There are nearly 1,000,000 pensioners whose annual receipts must be scaled down from \$140,000,000 to \$70,000,000 as a result of a compromise on the half-value dollar under free silver.

There are 5,000,000 savings banks depositors whose holdings aggregate \$1,800,000,000. These institutions and provident earners and savers must be scaled down.

The scaling down must take in 1,300,000 shareholders in building and loan associations. The compromise means the loss of one-half of their accumulations, now aggregating \$450,000,000.

There are in force in the United States 9,000,000 life insurance policies representing the immense sum of \$5,500,166,664. These policy holders must agree to legislate away half the value of their policies if the scaling down process is to be predetermined by compromise. The beneficiaries of benevolent and accident associations must suffer a similar loss.

The vast army of wage earners in the United States, the seventeen tolling millions who eat their bread in the sweat of their face, must have the purchasing power of their earnings scaled down to relieve the debtors. Yet this "would not constitute financial dishonesty!"

These creditors will have something to say about a compromise that will leave them in the lurch to the extent of 47 per cent of their accumulations and earnings. They will have a chance in November to declare themselves on the question of a predetermined scaling down which, if put into effect, would mean no "mercy" for them and no "sacrifice" for the other fellows.—Detroit Free Press (Dem.).

DR. REED SCANS TALMAGE.

Dickinson College President Says Some Sharp Things.

Rev. Dr. George E. Reed, president of Dickinson college, has publicly made the following statement regarding Rev. T. De Witt Talmage:

"Noting that our Popocratic brethren are making a considerable noise over the fact that Dr. T. De Witt Talmage has announced himself for Bryan, free silver, etc., it occurred to me to recall certain facts in connection with the history of a gentleman whose neighbor I was for nine years of my life."

"During those years Dr. Talmage was everywhere recognized as a Democrat, save in the intervals when he posed as a third party prohibitionist. I never knew of his being recognized in any sense as a Republican."

"That he now announces himself as a supporter of Bryan and Sewall, or, possibly Bryan and Watson, is but an indication that the eloquent doctor has 'verted' again, and this time to the ranks of the Populists, illustrating the declaration of the Scriptures, 'The second state of that man shall be worse than the first.'"

All About Love.

"Say, I'm in love," confided the faro dealer to the lookout during a lull in the play.

"Don't you believe it," retorted the dealer. "Love is a game that Cupid deals. He has a crooked layout, and the bank wins every bet. If you copper a case in his game it's sure to win; if you play a case open it loses, and you're in big luck if you don't get whipsawed in every turn. If a man calls the turn it's a 1 to 10 shot he drops dead."—New Orleans Times-Democrat.

Ready to Do It.

Jimson—What's this I hear about insubordination in your class at college? Young Jimson—Nothing at all in it. Jimson—But the president writes me that you refused to obey your professor. Young Jimson—Bosh! He asked us to decline the verb to work, and we all declined.—Philadelphia North American.

ROYAL TIME FOR LI.

Elaborate Program Arranged to Entertain Him.

NAVAL REVIEW AND SHOW OF POMP

He Will Be Received by President Cleveland on Governor's Island—Dinners Provided For and a Military Review at West Point.

WASHINGTON, Aug. 20.—President Cleveland has officially indicated that Earl Li Hung Chang will be the guest of the nation during his forthcoming visit to this country, and General Ruggles, stationed at Governor's island, has been designated to take charge of the details of the reception.

The ambassador extraordinary, with his suite, will arrive in New York on Friday, the 28th instant, and he will be received on the following day at Governor's island by President Cleveland. There will be a naval review and a great showing of pomp. On Sunday Li will visit the tomb of General Grant and in the evening will dine with John Russell Young, George F. Seward, and other Americans with whom he became acquainted in China.

On Monday, the 31st instant, the party will be taken to West Point, there a military review will be held. Tuesday, Sept. 1, the chamber of commerce of New York will give a reception and dinner in honor of the great man, and on Wednesday he will visit the city of Brooklyn. John Russell Young will entertain Li at his guest in Philadelphia on Thursday, Sept. 3.

On the evening of Thursday Li will leave for Washington where he will spend two days, and from there he will go to Niagara Falls, afterward traveling by the Canadian Pacific railroad to Vancouver, where he will embark for China.

It is likely that President Cleveland may endeavor to induce Li to visit Chicago, St. Louis, Omaha and Minneapolis.

WELCOMED THE ENGLISHMEN.

The Bar Association Showing Lord Russell and Friends Great Attention.

SARATOGA, Aug. 20.—There is a large attendance at the nineteenth annual meeting of the American Bar association.

When Lord Russell, Sir Francis Lockwood and Montagu Crackenthorpe, together with their ladies, entered the hall they were greeted with hearty applause. Judge George S. Batchelder escorted them to seats at the front and near the platform. The president of the association, Moorfield Storey, conducted Lord Russell, Sir Francis Lockwood and Montagu Crackenthorpe to seats on the platform. Among others honored with seats on the platform were J. Randolph Tucker, Edward J. Phelps, William Allen Butler, Henry Hitchcock, Austin G. Fox, Charles Claffin Allen, Francis Rawle and James C. Carter.

President Storey called the association to order and delivered his address. After President Storey had concluded his address the executive committee reported the nominations for membership and 88 new members were elected. The aggregate membership of the association is 1,842. The treasurer's report showed a balance of \$4,133.58.

The association later met as the section of legal education. The chair appointed Dr. H. W. Rogers, of Evanston, Ill.; Judges E. H. Bennett, of Boston, and W. W. Howe, of New Orleans, a committee to nominate officers for this section for the ensuing year. Various subjects were discussed.

Manitoba School Question Settled.

OTTAWA, Ont., Aug. 20.—It has been ascertained on good authority that the Manitoba school question is as good as settled and that there will not be any necessity for remedial legislation. This decision has been arrived at after numerous interviews between members of the provincial government of Manitoba, and the Dominion government.

Three Friends Ordered Released.

WASHINGTON, Aug. 20.—Acting Secretary Curtis has instructed the collector of customs at Jacksonville, Fla., to release the suspected filibuster, Three Friends. It is said there is no evidence pending unlawfully to connect the Three Friends with any Cuban expedition.

Three Miners Killed.

BUTTE, Mont., Aug. 20.—Pete Ryan foreman of the St. Lawrence mine, the property of the Anaconda mine, and Jack Campbell and John Manning, two miners, have been killed by a fall of the cage from the top of the mine to the bottom of the shaft at the 1,200-foot level.

A Candidate For the Rope.

MIDDLESBORO, Ky., Aug. 20.—Hiram Price, who killed his wife and mother-in-law with an ax June 4 and escaped to the mountains, has been captured and lodged in Speedville jail. Men are gathering from every direction and Price will probably be hanged shortly.

Four Men Crushed to Death.

TOPEKA, Aug. 20.—Six cars of a Rock Island stock train have been derailed five miles west of here, and four white men riding in the cellar or feed box underneath one of the cars were crushed to death.

Anarchist Neebe Elope.

CHICAGO, Aug. 20.—Oscar Neebe, the anarchist, who was pardoned for his complicity in the Haymarket riots by Governor Altgeld, has left his wife and eloped with another woman.

To Make a Commercial Port.

ST. PETERSBURG, Aug. 20.—The government has dispatched engineers to carry out the works necessary to make Vladivostok a commercial port.

Harrison to Speak in Iowa.

DES MOINES, Aug. 20.—It has been decided to open the Iowa campaign Sept. 3 with Allison, Benjamin Harrison and Robert G. Cousins.

Curfew Law in Topeka.

TOPEKA, Aug. 20.—The city council has enacted a curfew law.

REPUBLICANS HONOR BRYAN.

Shown Every Attention at Gov. Morton's Home and Other Places.

UPPER RED HOOK, N. Y., Aug. 20.—Mr. and Mrs. Bryan have visited "Ellerslie," Governor Morton's home.

The superintendent of the place had received a telephone message from Governor Morton's private secretary, Colonel Ashley Cole, to show the Bryan's every attention possible. The party was conducted through the immense stock farm and dairy, and the system of sterilizing milk was inspected. The residence was then inspected, and the party took carriages and went down to Jacob A. Ruppert's summer place. Returning a stop was made at an open air church picnic, where the party was hailed and asked to come in. They went in, Mr. Bryan paying \$2 for the party. It was the summer fair of the Hillside Methodist church.

At Rhinebeck half a hundred people were in waiting when the party alighted. The hotel at Rhinebeck, presided over by a Republican, was decorated with bunting and as the party dined the crowd grew larger. In a very short time it was decided to give a welcome to the candidate, and George L. Esselstyne, a Republican, was selected to welcome Mr. Bryan in a purely social way to the village.

A brass band played in front of the hotel, and Mr. and Mrs. Bryan, having finished supper, received a number of people on the hotel piazza. A little later Mr. Bryan appeared on the hotel balcony and was heartily applauded. Mr. Esselstyne made a few remarks to the assembled people, about 300 in number, introducing Mr. Bryan as a social guest, to which Mr. Bryan replied.

WILL TOUR NEW YORK.

Candidate Bryan Announces the Points Where He Will Speak.

UPPER RED HOOK, N. Y., Aug. 20.—William Jennings Bryan has determined to make a pretty thorough canvass of the state of New York, and for the first time since the days of Martin Van Buren will make addresses in nearly every important city. He will first go to Albany, the home of David B. Hill, spending five hours there. He will visit each big city along the New York Central road. Speaking of his trip he said:

"We shall leave Upper Red Hook at 6:55 o'clock on Tuesday, the 25th, reaching Albany at 8:30 p. m. We will leave there about 10 p. m. and go to Syracuse, reaching there at 2:05 a. m., and remain there until 12 m., and reach Rochester at 2:35 p. m., and stop at Rochester one hour, arriving at Buffalo about 4:45 p. m. Then we take the first train for Erie Pa., arriving there between 7 and 8 o'clock, and will attend a meeting of Democratic clubs that evening, and return the next morning to Buffalo, where we will attend another meeting of Democratic clubs. We will remain in Western New York for the rest of the week. We will stay in Chautauqua over Sunday and leave for the west Monday."

Mr. Bryan will probably speak in Medina, Hornellsville and Jamestown, also.

Mr. and Mrs. Bryan reviewed a troop of United States artillery as it passed through here.

MCKINLEY SENT REGRETS.

Sorry He Can't Attend the Union Veterans Legion Encampment.

CANTON, O., Aug. 20.—Governor McKinley today received a telegram from Mayor Green, of Binghamton, N. Y., extending greetings and announcing that the national convention of the Union Veterans Legion in session there would be addressed by General Sickles on duty of the old soldiers in the present campaign. Governor McKinley replied:

"I very deeply regret that I cannot join with my comrades of the Union Veterans Legion at their eleventh national encampment. Please convey to them my congratulations and best wishes."

New York Gold Democrats.

NEW YORK, Aug. 20.—The sub-committee of the Democratic party reform organization has issued a call for a state convention to be held at Syracuse on Monday, Aug. 31, to choose delegates to the convention of the National Democratic party at Indianapolis and to nominate or provide for the nomination of presidential electors, governor and other state officers.

Soldiers Quick Trip on Bicycles.

HELENA, Mont., Aug. 20.—Lieutenant Moss, Twenty-fifth United States infantry and eight soldiers heavily accoutered and carrying four days rations, covered the distance between Fort Missoula and Harrison, 132 miles, including the passage of Rocky Range, in 22 hours on bicycles. The heaviest wheel with pack and rider weighed 272 pounds, lightest 202 pounds; average weight 240.

Will Dash For the Pole.

CHRISTIANIA, Aug. 20.—The Aftenposten announces that Dr. Nansen will not again attempt to reach the north pole in a ship built upon the lines of the Fram. Dr. Nansen, however, says that he will perhaps conduct a sledging party which will attempt to make a dash from Franz Josef land north in the direction of the pole.

Government Officials in a Scandal.

SAN FRANCISCO, Aug. 20.—During the last six months H. H. Moore, a special agent of the treasury department, has been engaged in a systematic investigation of the management of the custom house. The latest testimony drags into the scandal Collector John H. Wise and his son, Harry Wise.

Battle Ax PLUG

DON'T FORGET for 5 cents you get almost as much "Battle Ax" as you do of other brands for 10 cents. DON'T FORGET that "Battle Ax" is made of the best leaf grown, and the quality cannot be improved. DON'T FORGET, no matter how much you are charged for a small piece of other brands, the chew is no better than "Battle Ax." DON'T FORGET, "Economy is wealth," and you want all you can get for your money. Why pay 10 cents for other brands when you can get "Battle Ax" for 5 cents?

FUSION IS DEFINED

By Chairman Butler of the Populist Committee.

WHAT THE LEADERS WILL ALLOW.

He Declares There Must Be a Joint and Equitable Division of Both Democratic and Populist Electors—His Party Proposes to Stick to Watson.

WASHINGTON, Aug. 20.—Chairman Butler of the Populist committee was asked the following question:

"In view of your statement to the effect that the Populist candidate are Bryan and Watson and will be until the close of the campaign and will be earnestly supported to the end without discriminations for or against either, what will be the position of your committee with reference to those states where Democrats and Populists have fused by the latter taking the state ticket and the former all of the electoral ticket?"

"We have no official information," he replied, "that this has been done in any state, but if it has been done or is contemplated the national committee will not approve or recognize it. The highest law in any party is the action of its national convention. No man or state organization can be disloyal to such supreme authority without arraying themselves in direct and hostile opposition to the national convention. Our national convention nominated Bryan and Watson by an overwhelming majority, and it is the bounden duty of every loyal Populist to support both of these candidates earnestly, loyally, and besides Watson stands for what Bryan stands for, and therefore Bryan and Watson is the only ticket that represents the principles that the People's party believes in and have contended for from the beginning.

"Mr. Sewall is no more the candidate of the People's party than is Mr. Hottel. The executive committee will see that the action of our national convention is maintained in every state, but if there should arise disaffection or disloyalty to either of our candidates in any state, then we are sure that there are true Populists in such state who will support the whole ticket, and such alone will be recognized by our national committee."

"Does this mean that you will insist upon a straight Bryan and Watson ticket in every state?"

"No, but it means that wherever Populists and Democrats join forces on the electoral ticket that there must be a due and proper recognition of each party's candidate by a just and equitable division of electors supporting the candidates of the respective parties."

THURSTON AND BRYAN.

The Former Publicly Accepts the Latter's Denial.

CHICAGO, Aug. 20.—"Mr. Bryan's word goes with me, and I shall be glad to go state to the people of this country," so said Senator John M. Thurston of Nebraska after reading the first footed denial on the part of W. J. Bryan that he was or had been in the employ of the silver owners. "Mr. Bryan has denied the charge which was made by a Democratic newspaper, and I have no hesitation in declaring that I believe him," added Mr. Thurston. Being asked if his explication of his fellow Nebraska included in its scope Senator Stewart of Nevada, who had taken up the literary cudgels in behalf of the Democratic nominee, Mr. Thurston said:

"Senator Stewart has arrived at that stage of political second childhood which entitles him to great consideration, and I don't think anything further need be said on that score."

With which rejoinder and a repetition that he would give the same publicity to his acceptance of Bryan's denial as he had given to the newspaper charge, Mr. Thurston declined to discuss the matter further.

Senator Thurston later handed out the following card to the public over his signature, with the request that it be disseminated:

"On July 31, at Madison, Wis., I read the editorial of The Chronicle and insisted that Mr. Bryan owed it, as a duty, to the American people to answer the charge."

"His explicit denial appears in the press. I stated in Nebraska that Mr. Bryan's denial would be accepted by me and I would so notify the country, which I take this immediate and public manner of doing."

HANNA IN NEW YORK.

He Says He Is Pleased With Affairs in the West.

NEW YORK, Aug. 20.—Chairman M. A. Hanna of the national Republican committee has arrived in this city from Cleveland. He was in rare good humor and said that everything looked promising for the success of the Republican ticket in the western states. Mr. Hanna said that things were moving with a rush at the headquarters in Chicago. Tons of campaign literature are being sent out.

He would say nothing in regard to the ninth meeting for the national executive committee, but seemed to be pleased to learn that Richard Kerns of St. Louis, who has been mentioned in connection with the place, was in the city. Mr. Hanna said that he would remain in New York for a week or ten days.

To Form Bryan College Clubs.

CHICAGO, Aug. 20.—Some of the students of the University of Chicago who are friendly to Bryan have issued a call urging all students who are in sympathy to organize Bryan clubs in their respective institutions at once, and to communicate immediately with William Deschner, president of the Bryan club of the University of Chicago, for a convention to be held in October.

Kentucky Gold Convention.

LOUISVILLE, Aug. 20.—The gold standard and Democratic convention is meeting at Music Hall today.

NO CHANGE IN CUBA.

The Cuban Leaders Practically Control the Island.

HAVANA, Aug. 20.—The general situation in Cuba is about the same as it has been for months past. Each side seems confident of tiring the other out, and little or no progress is being made by either the insurgents or the government forces. The threats of Captain General Weyler to take the field in person against Antonio Maceo have turned out to be nothing more than rumor. Maceo practically holds Pinar del Rio, while Maximino Gomez appears to be doing what he pleases in the eastern part of the island.

The mystery of the missing military passenger train has been solved and it furnishes another instance of the audacity of the insurgents and the troubled state of affairs existing in the province of Pinar del Rio.

On Sunday last a train, having on board a number of civilian passengers and a strong escort of 200 men, consisting of regular cars and 20 cars for the military escort, left Consolacion del Sur, Pinar del Rio, for this city and should have arrived here the same day. But the train did not appear, and the railroad authorities became alarmed and the military authorities were notified.

They found out that the train had been captured by insurgents and sent relief trains, bearing troops, which have returned and brought with them the passengers who are over 48 hours late and the survivors and wounded of the military escort of the train. The latter, it appears, was running between Bacunagua and Taco Taco, when, near the point known as Kilometro 113, the train was compelled to stop on account of an obstruction across the line. Insurgents fired from both sides and tore up the track behind the train, thus catching it in a trap.

The firing lasted three hours, according to the official statement, at the end of which time the insurgents are said to have been repulsed. It is added that the military escort upon the arrival of the relief train burned the military passenger train. Unofficial versions of the affair, however, say that the escort of the military train were rescued just in time to save them from being exterminated by the enemy. As it was, six soldiers of the escort are admitted to have been killed and one lieutenant and 21 soldiers were brought here wounded.

MAY BUY OUR SILVER.

Argentine Bargaining For a Big Amount.

WILLING TO GIVE GOLD BONDS.

The South American Republic Seeking to Change From a Paper to a Specie Basis—Much of Our Surplus May be Disposed Of.

WASHINGTON, Aug. 20.—Reports have reached here from Buenos Ayres to the effect that an American syndicate has offered the Argentine republic \$150,000,000 in silver in exchange for \$100,000,000 in bonds, payable in gold at 4 per cent interest, with $\frac{1}{2}$ per cent added as a sinking fund. The offer of the Americans is said to be a part of the general plan by which Argentine is seeking to go from a paper to a specie basis.

The plan contemplates that each of the silver dollars shall take up two of the paper dollars. It is said that the market value of Argentine 4 per cent bonds is such that the transaction would prove a profitable one for the Americans, while its incidental effect would be to dispose of a considerable supply of the surplus silver of the United States.

GOLD TO COME THIS WAY.

New York Bankers Arranging to Import a Big Amount.

WASHINGTON, Aug. 20.—Acting Secretary Curtis has received a telegram from the assistant treasurer at New York stating that arrangements have been made there by bankers to import \$2,000,000 in gold coin from Europe. While foreign exchange is slightly above the usual importing point it is said that should it continue to decline during the next few days as rapidly as during the last week gold importations from Europe would yield a good profit. The officials are hopeful that the tide has turned and that from now on the reserve will be rapidly increased.

The treasury has lost \$153,600 in gold coin and \$13,600 in bars, which leaves the total amount of the reserve \$104,361,051.

DR. BROWN MUST ANSWER.

Mattie Overman Confess a He Was All His Enemies Said He Was.

SAN FRANCISCO, Aug. 20.—Mattie Overman, who figured so conspicuously and unenviably in the Brown church scandal, has made a confession in which she declares that she is a perjurer and that Dr. Brown is all his enemies represented him to be. This startling admission of Miss Overman, made after months of silence and after Dr. Brown has taken up a new home in a new field, has reopened the entire case. The woman's confession has been fully considered by the ministers and laymen that form the trial court. Mrs. Tunnill has gone before the members of the ecclesiastical court and has corroborated all that Miss Overman confessed.

Miss Overman's confession was placed in the custody of the secretary of the Bay conference, which will therefore meet without delay in special session. The Rev. Dr. C. O. Brown will be notified of the new turn in his affairs, and will be ordered to appear in person or by representative to show cause why judgment of suspension for an indefinite period of the ministry shall not be made absolute and permanent expulsion. Dr. Brown must answer to the Bay conference or be expelled.

U. P. YOUNG PEOPLE.

The National Convention Now in Session in Omaha.

OMAHA, Aug. 20.—The convention of the Young People's Christian union of the United Presbyterian church of America convened last night, with 2,000 delegates present. The session opened with a praise service under the direction of President J. H. Murdock of Washington, Pa.

Addresses of welcome were delivered by Governor Holcomb, Mayor Broch, Rev. Alonzo J. R. Turkey and Rev. Edgar McDill. The addresses were responded to on behalf of the institute by Rev. John H. McMillan. A number of anthems were sung during the evening by the chorus, which has been in practice for some time, composed of 150 voices.

THE STRIKERS IN CONTROL.

Keeping Non-Unionists Out of Tin Plate Works at Elwood, Ind.

ELWOOD, Ind., Aug. 20.—Everything is quiet in Elwood and there have been no attempts at disorder. Yesterday was the day the tin plate company designated as the one for the employees to place their names on the payroll or consider themselves discharged, but none returned.

The company wants a 15 per cent reduction. The strikers have the works surrounded and say that no non-union men shall enter.

Admiral Gervais' Narrow Escape.

PARIS, Aug. 20.—During the artillery practice of the French Mediterranean squadron off Toulon, instead of aiming at a target which was being towed 500 yards behind the flagship Brennus, a battleship of 11,000 tons displacement, the cruiser Vautour turned her quick-firing guns on the flagship for some time. The shots ranged around Admiral Gervais and his staff and their escape was a miracle.

Savage Sues His Publisher.

NEW YORK, Aug. 20.—Frank Tennyson Neely, the publisher, on an order signed by Justice Stover, has been examined before trial in a nation brought against him by Colonel Richard H. Savage, the author, to recover \$12,000 royalties alleged to be due on several novels by Colonel Savage and published by Neely.

May Lynch the Rustler King.

DENVER, Aug. 20.—The body of Paul Rose, a Weld county cattleman, has been found buried in the sand near the Colorado-Nebraska line. His herd was found in the possession of Al Cochran, king of the cattle rustlers. Cochran is in jail at Greeley. Threats to lynch him are being made.

LOCAL BREVITIES.

The Spring Grove and Cartwright pottery ball team will play next Saturday.

The Stevenson family, of Wellsville, moved to their home from Spring Grove today.

The household effects of Mrs. Ellen Brown arrived here this morning from Pittsburg.

Eight couples from the city attended a valentine social last night near Cannon's Mill.

The friends of George Carey have decided to greet him in a befitting manner when he returns from Syracuse.

A number of the employees of the Specialty are camping at Specht, where they will remain until the works resume.

A number of young people drove to the farm of Homer Huston, near Calcutta, last evening, and enjoyed a lawn fete.

John T. Salmon received a letter this morning announcing the death of two nieces in Nottinghamshire within three weeks.

The Buckeye club will improve their rooms, and among other things will add a number of radiators for heating the building.

Miss Ella and Miss Florence Ormes, of Dry Run, gave a very pleasant party at their home last evening in honor of Pittsburg friends.

H. McCurran and J. Costelow accept the challenge of Frey and Finch to pitch quoits, and will play them at any time for love or money.

Mrs. William Bendy entertained friends last night at her home on College street in honor of her guests, Miss Lena and Miss Emma Ripple.

Mrs. James Dunkerly, of East Market street, has been in poor health for some time, and next week the lady will leave for some point up the lakes.

A large number of tickets for the Canton excursion are being sold, and it now seems as though fully 1,000 people will leave the city next Monday.

"Marriage Licenses Procured", is the announcement that has been posted on a window of the office of a local squire, and is calculated to catch the unwary.

The river is stationary today. The Lorena and Bedford are going to Pittsburg this afternoon, and the Ben Hur will be down at 9 o'clock this evening.

Passenger traffic over the Cleveland and Pittsburg division is again becoming light. One coach of the west bound train yesterday afternoon did not contain a single occupant.

Jack Salmon fishing bids fair to be unusually good this year. Edward Bosth caught a fine string at the Market street float yesterday, and has the honor of making the first catch of the season.

The employees of the Goodwin pottery tested the hose yesterday afternoon, and found it in good condition. One line was attached to a fire plug, and a strong pressure of water turned on.

Several employees of the merry-go-round, who are wanted by the police for being concerned in the Second street fight Monday night, have left the city, thus escaping the payment of a fine.

Cyclers who persist in riding across the platform at the passenger station are either careless or ignorant of the fact that this practice is forbidden by the railroad company, and they are liable to arrest.

Miss Mary Miskell, chief clerk in the postoffice, left this morning to spend her vacation in a summer resort in the Allegheny mountains. Her brother, Postmaster Miskell, accompanied her to Pittsburg.

Doctor Thomas, of Canton, who has been visiting his brother, Dr. J. Thomas, of the freight depot, left on his wheel this morning, and will call at Salineville, Irondale and Millport before returning home.

The moving of George Sebring was being taken from East Palestine to Hollow Rock when the wagon upset at the top of Spring Grove hill yesterday. No damage was done, but the load had to be repacked.

Among those who will accompany the Rochester Elks to Niagara Falls Saturday are: Doctor Ogden and wife, George Buxton, wife and son, Walter. A number of others have also signified their intention of going.

The township trustees say they will let the commissioners and ice company fight their difficulties over the California road, as they have spent \$200 in repairing the road this year, and do not intend to do any more work on it.

Dick Meredith rode his bicycle to the Hookstown fair yesterday, and upon the return trip, while going down the Dry Run hill at a rapid rate, he ran into a fence. His wheel was badly broken, and he sustained several bruises. A passing rig brought him home.

A local sport suggests that a base ball team form this place arrange to play a game in Canton next Monday, when the delegation from this city visits Major McKinley. After the demonstration was over the contest could take place, and would be well patronized.

The work of completing the filling of the trestle east of the power house will not be accomplished for some time. Dirt for the fill is yet being taken from the hillside at the loop, and a great gap remains because of the vast amount of earth that has been removed.

MAY BUY OUR SILVER.

Argentine Bargaining For a Big Amount.

WILLING TO GIVE GOLD BONDS.

The South American Republic Seeking to Change From a Paper to a Specie Basis—Much of Our Surplus May be Disposed Of.

WASHINGTON, Aug. 20.—Reports have reached here from Buenos Ayres to the effect that an American syndicate has offered the Argentine republic \$150,000,000 in silver in exchange for \$100,000,000 in bonds, payable in gold at 4 per cent interest, with 1/2 per cent added as a sinking fund. The offer of the Americans is said to be a part of the general plan by which Argentine is seeking to go from a paper to a specie basis.

The plan contemplates that each of the silver dollars shall take up two of the paper dollars. It is said that the market value of Argentine 4 per cent bonds is such that the transaction would prove a profitable one for the Americans, while its incidental effect would be to dispose of a considerable supply of the surplus silver of the United States.

GOLD TO COME THIS WAY.

New York Bankers Arranging to Import a Big Amount.

WASHINGTON, Aug. 20.—Acting Secretary Curtis has received a telegram from the assistant treasurer at New York stating that arrangements have been made there by bankers to import \$2,000,000 in gold coin from Europe. While foreign exchange is slightly above the usual importing point it is said that should it continue to decline during the next few days as rapidly as during the last week gold importations from Europe would yield a good profit. The officials are hopeful that the tide has turned and that from now on the reserve will be rapidly increased.

The treasury has lost \$153,600 in gold coin and \$13,600 in bars, which leaves the total amount of the reserve \$104,361,051.

DR. BROWN MUST ANSWER.

Mattie Overman Confesses He Was All His Enemies Said He Was.

SAN FRANCISCO, Aug. 20.—Mattie Overman, who figured so conspicuously and unenviably in the Brown church scandal, has made a confession in which she declares that she is a perjurer and that Dr. Brown is all his enemies represented him to be. This startling admission of Miss Overman, made after months of silence and after Dr. Brown has taken up a new home in a new field, has reopened the entire case. The woman's confession has been fully considered by the ministers and laymen that form the trial court. Mrs. Tammill has gone before the members of the ecclesiastical court and has corroborated all that Miss Overman confessed.

Miss Overman's confession was placed in the custody of the secretary of the Bay conference, which will therefore meet without delay in special session. The Rev. Dr. C. O. Brown will be notified of the new turn in his affairs, and will be ordered to appear in person or by representative to show cause why judgment of suspension for an indefinite period of the ministry shall not be made absolute and permanent expulsion. Dr. Brown must answer to the Bay conference or be expelled.

U. P. YOUNG PEOPLE.

The National Convention Now in Session in Omaha.

OMAHA, Aug. 20.—The convention of the Young People's Christian union of the United Presbyterian church of America convened last night, with 2,000 delegates present. The session opened with a praise service under the direction of President J. H. Murdock of Washington, Pa.

Addresses of welcome were delivered by Governor Holcomb, Mayor Broatch, Rev. Alonzo J. R. Turley and Rev. Edgar McDill. The addresses were responded to on behalf of the institute by Rev. John H. McMillan. A number of anthems were sung during the evening by the chorus, which has been in practice for some time, composed of 150 voices.

THE STRIKERS IN CONTROL.

Keeping Non-Unionists Out of Tin Plate Works at Elwood, Ind.

ELWOOD, Ind., Aug. 20.—Everything is quiet in Elwood and there have been no attempts at disorder. Yesterday was the day the tin plate company designated as the one for the employees to place their names on the payroll or consider themselves discharged, but none returned.

The company wants a 15 per cent reduction. The strikers have the works surrounded and say that no non-union men shall enter.

Admiral Gervais' Narrow Escape.

PARIS, Aug. 20.—During the artillery practice of the French Mediterranean squadron off Toulon, instead of aiming at a target which was being towed 500 yards behind the flagship Brennus, a battleship of 11,000 tons displacement, the cruiser Vautour turned her quick-firing guns on the flagship for some time. The shots rang around Admiral Gervais and his staff and their escape was a miracle.

Savage Sues His Publisher.

NEW YORK, Aug. 20.—Frank Tennyson Neely, the publisher, on an order signed by Justice Stover, has been examined before trial in an action brought against him by Colonel Richard H. Savage, the author, to recover \$12,000 royalties alleged to be due on several novels by Colonel Savage and published by Neely.

May Lynch the Rustler King.

DENVER, Aug. 20.—The body of Paul Rose, a Weld county cattleman, has been found buried in the sand near the Colorado-Nebraska line. His herd was found in the possession of Al Cochran, king of the cattle rustlers. Cochran is in jail at Greeley. Threats to lynch him are being made.

LOCAL BREVITIES.

The Spring Grove and Cartwright pottery ball team will play next Saturday.

The Stevenson family, of Wellsville, moved to their home from Spring Grove today.

The household effects of Mrs. Ellen Brown arrived here this morning from Pittsburg.

Eight couples from the city attended a valentine social last night near Cannon's Mill.

The friends of George Carey have decided to greet him in a befitting manner when he returns from Syracuse.

A number of the employees of the Specialty are camping at Specht, where they will remain until the works resume.

A number of young people drove to the farm of Homer Huston, near Calcutta, last evening, and enjoyed a lawn fete.

John T. Salmon received a letter this morning announcing the death of two nieces in Nottinghamshire within three weeks.

The Buckeye club will improve their rooms, and among other things will add a number of radiators for heating the building.

Miss Ella and Miss Florence Ormes, of Dry Run, gave a very pleasant party at their home last evening in honor of Pittsburg friends.

H. McCurran and J. Costelow accept the challenge of Frey and Finch to pitch quoits, and will play them at any time for love or money.

Mrs. William Bendy entertained friends last night at her home on College street in honor of her guests, Miss Lena and Miss Emma Ripple.

Mrs. James Dunkerly, of East Market street, has been in poor health for some time, and next week the lady will leave for some point up the lakes.

A large number of tickets for the Canton excursion are being sold, and it now seems as though fully 1,000 people will leave the city next Monday.

"Marriage Licenses Procured", is the announcement that has been posted on a window of the office of a local squire, and is calculated to catch the unwary.

The river is stationary today. The Lorena and Bedford are going to Pittsburg this afternoon, and the Ben Hur will be down at 9 o'clock this evening.

Passenger traffic over the Cleveland and Pittsburg division is again becoming light. One coach of the west bound train yesterday afternoon did not contain a single occupant.

Jack Salmon fishing bids fair to be unusually good this year. Edward Bosth caught a fine string at the Market street float yesterday, and has the honor of making the first catch of the season.

The employees of the Goodwin pottery tested the hose yesterday afternoon, and found it in good condition. One line was attached to a fire plug, and a strong pressure of water turned on.

Several employees of the merry-go-round, who are wanted by the police for being concerned in the Second street fight Monday night, have left the city, thus escaping the payment of a fine.

Cyclers who persist in riding across the platform at the passenger station are either careless or ignorant of the fact that this practice is forbidden by the railroad company, and they are liable to arrest.

Miss Mary Miskell, chief clerk in the postoffice, left this morning to spend her vacation in a summer resort in the Allegheny mountains. Her brother, Postmaster Miskell, accompanied her to Pittsburg.

Doctor Thomas, of Canton, who has been visiting his brother, D. J. Thomas, of the freight depot, left on his wheel this morning, and will call at Salineville, Irondale and Millport before returning home.

The moving of George Sebring was being taken from East Palestine to Hollow Rock when the wagon upset at the top of Spring Grove hill yesterday. No damage was done, but the load had to be repacked.

Among those who will accompany the Rochester Elks to Niagara Falls Saturday are: Doctor Ogden and wife, George Buxton, wife and son, Walter. A number of others have also signified their intention of going.

The township trustees say they will let the commissioners and ice company fight their difficulties over the California road, as they have spent \$200 in repairing the road this year, and do not intend to do any more work on it.

Dick Meredith rode his bicycle to the Hookstown fair yesterday, and upon the return trip, while going down the Dry Run hill at a rapid rate, he ran into a fence. His wheel was badly broken, and he sustained several bruises. A passing rig brought him home.

A local sport suggests that a base ball team form this place arrange to play a game in Canton next Monday, when the delegation from this city visits Major McKinley. After the demonstration was over the contest could take place, and would be well patronized.

The work of completing the filling of the trestle east of the power house will not be accomplished for some time. Dirt for the fill is yet being taken from the hillside at the loop, and a great gap remains because of the vast amount of earth that has been removed.

MADE A MISTAKE.

Lisbon's Mayor Wanted Five Men Arrested.

The police were notified last evening to arrest William Ammond, William Russell, J. C. Umberger and J. H. and J. R. Grant, a party who have been selling medicine in the county seat, and are staying in this place. The men were charged with selling without a license. Officer Whan and Fireman Terrence went to the Anderson house, where the men board, and not finding them at home called again. This time it was developed the mayor was wrong, and the peddlers needed no license to sell medicine. No arrests were made.

THROUGH HIS HAND

Went a Bullet From Will Peake's Revolver.

Will Peake, the second son of Councilman Peake, was accidentally shot in the hand at his father's place of business last night. Young Peake was handling a revolver of large caliber, when the weapon in some manner was discharged, and the ball passed through the middle of his hand and lodged in the wall. The young man was greatly alarmed, and realized that he had received a close call. The wife of a well known butcher, who was present when the shooting occurred, fainted at the sight of the blood.

McKinley Club and Manley Band Excursion Next Monday.

The Republicans of East Liverpool and contingent country will on Monday next be given an opportunity to call on Hon. William McKinley, the standard bearer of the Republican party, at a very low excursion rate on the Pennsylvania lines. The McKinley club and Manley's band of this city have united in arranging this excursion, and invite the citizens of East Liverpool and the surrounding country and along the line to join in the excursion to Canton. The rate for the round trip will be but \$1.50, and a special train of 15 coaches has been provided for the occasion, giving assurance of ample comfort for all who expect to participate. The train will leave East Liverpool at 8 a. m., city time, and returning, leaves Canton at 6 p. m., city time. Myers lake, one of the finest pleasure resorts in Ohio, located on the outskirts of Canton, has been secured for the day, and pleasure seekers will have the privilege of spending their time at this resort after their call upon McKinley. Tickets will be sold and exchanged at the Cleveland and Pittsburgh ticket office Saturday evening and Monday morning.

MORE DELEGATES.

Locals Will Have Five Instead of Three in Trades Council.

Trades council met last night with a good attendance. The first business transacted was to amend the constitution so that each local union would be allowed five delegates instead of three in the council. The object of the amendment is to get a larger representation from the locals. Labor Day was then brought up, and the committees reported progress. The secretary had received numerous communications from aeromants and was instructed to continue the correspondence. The meeting adjourned to meet next Wednesday evening when all final arrangements will be made for the celebration.

Many a free man who is sick would willingly change places with a healthy convict. A man might as well be shut out of enjoyment one way as another. If he is shut up in a cell, he cannot engage in active pleasures. He cannot see the beauties of nature and art, but he can imagine them, and so get some benefit from them. A man who is sick has these things before him, but he doesn't see them as they exist. He cannot look on anything with appreciative eyes. His physical condition warps his vision and his mentality. He cannot enjoy anything, no matter how enjoyable it may be in the abstract. A man with a foul taste in his mouth, with a bilious headache, and with poisonous refuse matter circulating all through his body cannot enjoy anything. He honestly believes that the world is all wrong, and that it is a mighty poor place to be in. He is blue, despondent, cynical. Life isn't worth living to him. Such a simple thing causes this condition that it is absurd and ridiculous to think of a sensible man remaining in it. Symptoms like these come from constipation. It is the most prevalent of all causes of sickness. It makes a man worthless for work or pleasure. It is a stubborn trouble when you do not treat it properly, and a simple one when you do. It is cured by Dr. Pierce's Pleasant Pellets. They were made for this purpose, and no other. They accomplish this purpose as no other preparation ever did. An unscrupulous druggist may try to sell you something else. Look out! It is your health that is at stake. It is your health against an extra profit on the thing he says is "just as good." Doctor Pierce's Pleasant Pellets—don't forget—don't take anything else.

OPENED BY SHERMAN.

The Republican Campaign Given a Start in Cincinnati.

CINCINNATI, Aug. 20.—The Republican campaign was opened here by Senator Sherman and other speakers. The McKinley club gave a parade, awaiting the arrival of Senator Sherman from Mansfield. The program included speaking at Zoological gardens in the afternoon and evening. In the afternoon W. T. Perkins presided with D. D. Woodmansee, ex-president of the Republican league, ex-Congressman H. L. Morey of Hamilton and William Doan of Wilmington as speakers.

At the night meeting of the McKinley club, publisher of The Volksblatt, presided. Congressman J. H. Brownwell spoke first. Senator Sherman was the principal speaker, followed by Solicitor Fred Spiegel in German. Arrangements were made for the senator's address during the lot season when it would have been pleasant on the hilltops, but it was too cool for an open air meeting at that place and the senator did not speak as long as usual, while the other speakers, Congressman Brownwell and Solicitor Spiegel, were cut short.

Senator Sherman argued that the present depression was due to the Gorman-Wilson tariff which was still a law and which not only cut off the government's revenue, but also depressed home industries. He held that prosperous times existed under the McKinley law and would come again under McKinley and a congress in accord with him, while panic, ruin and distress would follow if the Gorman-Wilson tariff law remained in force and free silver were added to the mistakes that had been made.

He argued at length on the financial question as well as on the tariff. In addressing himself to the club that was named after McKinley he paid an unusually eloquent and strong tribute to the Republican nominee. He reviewed very severely the record of Bryan in congress as compared with the congressional record of McKinley.

BANKER WOODS' WILL.

Cuts Off All His Children Except One—A Contest.

AKRON, O., Aug. 20.—The will of the late Banker John B. Woods has been made public. It disposes of about \$300,000 worth of property and cuts off everyone of his four children except one.

Mrs. J. H. Hillibush, the only one who did not for several years take the side of their mother in the family ruction. Mrs. Hillibush is given \$10,000. County Treasurer Robert L. Andrew, divorced husband of Woods' other daughter, Emma, is left \$5,000, while the wives of the three sons got \$3,000 each.

Other legacies run from \$5,000 to \$10,000, and the remaining is left to three grandchildren. Mrs. Woods was given \$25,000 in lieu of a dowry, but she will elect under the law. The children will contest the will.

ENGINE JUMPED THE TRACK.

Engineer and Fireman Killed on a Work Train Near Carrollton.

CANTON, O., Aug. 20.—Engine No. 49 on a work train on the Cleveland, Canton and Southern railroad jumped the track one and one-half miles south of Carrollton, O., ran about 60 feet and turned over the embankment upside down. Instantly killing Engineer Joseph Kirk and Fireman John Hardesty, both of Canton.

Brakeman Ed Seymour of Canton, who was on the engine, escaped with a few trifling bruises. The cause of the accident is unknown.

Bryan's Visit to Cleveland.

CLEVELAND, Aug. 20.—A dispatch has been received from William J. Bryan saying that he will be in Cleveland on Aug. 31, and will speak here in the evening. A meeting was held today between the executive committee of the Bryan and Sewall silver club and the Populist congressional committee of the two Cleveland districts to arrange for the reception of Mr. Bryan.

WEST VIRGINIA TRAGEDIES.

A Feud Ends in Death—A Woman's Double Crime.

HINTON, W. Va., Aug. 20.—A terrible tragedy has occurred near Cashmere, Monroe county. Louis Crotty and James Polley had been enemies for some time and they met at a threshing an the quarrel was renewed. Crotty knocked Polley down and then pulling a revolver shot him twice, one ball going through the heart. Polley grabbed the revolver and was about to succeed in taking it away from Crotty when Crotty's son ran behind Polley and struck him across the neck with a pitchfork, breaking his neck and killing him instantly. Crotty was arrested and lodged in jail.

James Johnson, Carl Nutton and Rachael Yates became mixed up in a drunken row in Thurmond when the woman pulled a revolver and fatally shot both of them. She was arrested and placed in the Fayetteville jail.

ITEMS OF INTEREST

Picked Up in the East End by Our Representative.

Our readers are indirectly indebted to Mr. Elmar Stevenson for the following East End items. In discussing some particulars about the new School Board and the E. L. Potters' Union with our representative he incidentally mentioned that he had been under the weather with a sore back, but had got over it and that if our "Scribe" wanted the minute details of a remarkable case, he ought to call on Mrs. Carline White, of No. 225 Railroad street. Hither he wended his way and gleaned from that lady the following: "I have taken Doan's Kidney Pills" said she "and found great relief in their use. My back has ached so long that I have forgotten when I was first troubled. I am now 70 years of age and had about given up all hope—ever being helped. I have taken medicines, but they did not prove very beneficial; my back would ache just the same in the region of the kidneys, and got stiff and lame when sitting long or when lying in bed, sharp twinges of pain and other symptoms convinced me that my kidneys were out of order. Always on the outlook for anything that might bring relief, when I heard Doan's Kidney Pills so highly spoken of I got a box at the W. and W. Pharmacy. After using them for a short time I could plainly notice the good effect they were causing. I continued on them for some time longer and gradually but surely improved. I found Doan's Kidney Pills a splendid remedy and advise others to try them. Feeling confident if they do so they will have no reason to regret it. I know of a number of people here in the East End that swear by Doan's Kidney Pills." Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box or 6 boxes for \$2.50. MADE A MISTAKE.

Lisbon's Mayor Wanted Five Men Arrested.

The police were notified last evening to arrest William Ammond, William Russell, J. C. Umberger and J. H. and J. R. Grant, a party who have been selling medicine in the county seat, and are staying in this place. The men were charged with selling without a license. Officer Whan and Fireman Terrence went to the Anderson house, where the men boarded, and not finding them at home called again. This time it was developed the mayor was wrong, and the peddlers needed no license to sell medicine. No arrests were made.

THROUGH HIS HAND

Went a Bullet From Will Peake's Revolver.

Will Peake, the second son of Councilman Peake, was accidentally shot in the hand at his father's place of business last night. Young Peake was handling a revolver of large caliber, when the weapon in some manner was discharged, and the ball passed through the middle of his hand and lodged in the wall. The young man was greatly alarmed, and realized that he had received a close call. The wife of a well known butcher, who was present when the shooting occurred, fainted at the sight of the blood.

McKinley Club and Manley Band Excursion Next Monday.

The Republicans of East Liverpool and contingent country will on Monday next be given an opportunity to call on Hon. William McKinley, the standard bearer of the Republican party, at a very low excursion rate on the Pennsylvania lines. The McKinley club and Manley's band of this city have united in arranging this excursion, and invite the citizens of East Liverpool and the surrounding country and along the line to join in the excursion to Canton. The rate for the round trip will be but \$1.50, and a special train of 15 coaches has been provided for the occasion, giving assurance of ample comfort for all who expect to participate. The train will leave East Liverpool at 8 a. m., city time, and returning, leaves Canton at 6 p. m., city time. Myers lake, one of the finest pleasure resorts in Ohio, located on the outskirts of Canton, has been secured for the day, and pleasure seekers will have the privilege of spending their time at this resort after their call upon McKinley. Tickets will be sold and exchanged at the Cleveland and Pittsburgh ticket office Saturday evening and Monday morning.

MORE DELEGATES.

Locals Will Have Five Instead of Three in Trades Council.

Trades council met last night with a good attendance. The first business transacted was to amend the constitution so that each local union would be allowed five delegates instead of three in the council. The object of the amendment is to get a larger representation from the locals. Labor Day was then brought up, and the committees reported progress. The secretary had received numerous communications from acornants and was instructed to continue the correspondence. The meeting adjourned to meet next Wednesday evening when all final arrangements will be made for the celebration.

Many a free man who is sick would willingly change places with a healthy convict. A man might as well be shut out of enjoyment one way as another. If he is shut up in a cell, he cannot engage in active pleasures. He cannot see the beauties of nature and art, but he can imagine them, and so get some benefit from them. A man who is sick sees them as they exist. He cannot look on anything with appreciative eyes. His physical condition warps his vision and his mentality. He cannot enjoy anything, no matter how enjoyable it may be in the abstract, man with a foul taste in his mouth, with a bilious headache, and with poisonous refuse matter circulating all through his body cannot enjoy anything. He honestly believes that the world is all wrong, and that it is a mighty poor place to be in. He is blue, despondent, cynical. Life isn't worth living to him. Such a simple thing causes this condition that it is absurd and ridiculous to think of a sensible man remaining in it. Symptoms like these come from constipation. It is the most prevalent of all causes of sickness. It makes a man worthless for work or pleasure. It is a stubborn trouble when you do not treat it properly, a simple one when you do. It is cured by Dr. Pierce's Pleasant Pellets. They were made for this purpose, and no other preparation ever did. An unscrupulous druggist may try to sell you something else. Look out! It is your health that is at stake. It is your health against an extra profit on the thing he says is "just as good." Doctor Pierce's Pleasant Pellets—don't forget—don't take anything else.

OPENED BY SHERMAN.

The Republican Campaign Given a Start in Cincinnati.

CINCINNATI, Aug. 20.—The Republican campaign was opened here by Senator Sherman and other speakers. The McKinley club gave a parade, awaiting the arrival of Senator Sherman from Mansfield. The program included speaking at Zoological gardens in the afternoon and evening. In the afternoon W. T. Perkins presided with D. D. Woodmansee, ex-president of the Republican league, ex-Congressman H. M. Morey of Hamilton and William Doan of Wilmington as speakers.

At the night meeting Colonel Markbreit, publisher of The Volksblatt, presided. Congressman J. H. Bromwell spoke first. Senator Sherman was the principal speaker, followed by Solicitor Fred Spiegel in German. Arrangements were made for the senator's address during the lot season when it would have been pleasant on the hilltops, but it was too cool for an open air meeting at that place and the senator did not speak as long as usual, while the other speakers, Congressman Bromwell and Solicitor Spiegel, were cut short.

Senator Sherman argued that the present depression was due to the Gorman-Wilson tariff which was still a law and which not only cut off the government's revenue, but also depressed home industries. He held that prosperous times existed under the McKinley law and would come again under McKinley and a congress in accord with him, while panic, ruin and distress would follow if the Gorman-Wilson tariff law remained in force and free silver were added to the mistakes that had been made.

He argued at length on the financial question as well as on the tariff. In addressing himself to the club that was named after McKinley he paid an unusually eloquent and strong tribute to the Republican nominee, and reviewed very severely the record of Bryan in congress as compared with the congressional record of McKinley.

BANKER WOODS' WILL.

Cuts Off All His Children Except One—A Contest.

AKRON, O., Aug. 20.—The will of the late Banker John B. Woods has been made public. It disposes of about \$300,000 worth of property and cuts off everyone of his four children except one.

Mrs. J. H. Hillbush, the only one who did not for several years take the side of their mother in the family ruction. Mrs. Hillbush is given \$10,000. County Treasurer Robert L. Andrew, divorced husband of Woods' other daughter, Emma, is left \$5,000, while the wives of the three sons got \$3,000 each.

Other legacies run from \$5,000 to \$10,000, and the remaining is left to three grandchildren. Mrs. Woods was given \$25,000 in lieu of a dowry, but she will elect under the law. The children will contest the will.

ENGINE JUMPED THE TRACK.

Engineer and Fireman Killed on a Work Train Near Carrollton.

CANTON, O., Aug. 20.—Engine No. 49 on a work train on the Cleveland, Canton and Southern railroad jumped the track one and one half miles south of Carrollton, O., ran about 60 feet and turned over the embankment upside down, instantly killing Engineer Joseph Kirk and Fireman John Hardesty, both of Canton.

Brakeman Ed Seymour of Canton, who was on the engine, escaped with a few trifling bruises. The cause of the accident is unknown.
